

Vocabulary

- **Shows** → illustrates, demonstrates, presents, displays, reveals, depicts
- **Compares** → contrasts, provides a comparison of, presents a comparison of
- **Increase** → rose, increased, grew, climbed, surged, soared, jumped, escalated
- **Increase (Noun)** → rise, growth, upward trend
- **Decrease** → fell, decreased, dropped, declined, plummeted, slumped, reduced, contracted
- **Decrease (Noun)** → decline, reduction, downward trend
- **Fluctuate** → vary, oscillate, rise and fall, experience ups and downs
- **Fluctuation (Noun)** → variation, volatility
- **Number** → figure, total, amount
- **Percentage** → proportion, share
- **Number of** → the figure for, the quantity of, the volume of, the proportion of
- **People** → individuals, residents, citizens, consumers, participants
- **Countries** → nations, states, regions
- **Between 2000 and 2020** → over a 20-year period, from 2000 to 2020, over two decades, during the period
- **Information** → data, figures, statistics
- **Very Fast Change** → dramatically, sharply, steeply, rapidly
- **Medium Change** → significantly, considerably, markedly
- **Slow Change** → gradually, steadily, moderately
- **Small Change** → slightly, marginally, modestly
- **Stable / No Change** → remained stable, remained unchanged, stayed constant, stayed the same, levelled off, plateaued, showed little change, showed little variation, maintained stability, remained relatively stable
- **Highest Point** → peaked at, reached its peak at, hit a high of, attained the highest point, topped out at
- **Lowest Point** → hit a low of, reached the lowest point, bottomed out at, fell to its lowest point
- **Comparison Phrases** → compared to, compared with, in contrast to, whereas, similarly, meanwhile, on the other hand, by comparison, conversely
- **Important** → significant, crucial, essential, vital, key, major, notable, considerable, meaningful, influential, prominent, substantial, critical, fundamental, noteworthy

- **Small** → slight, marginal, minimal, modest
- **Big** → dramatic, sharp, steep, substantial, significant, massive
- **About** → approximately, roughly, around, nearly, just over, just under
- **Quickly** → rapidly, dramatically, sharply, swiftly
- **Slowly** → gradually, steadily, moderately
- **Accounted for** → represented, constituted, made up, comprised
- **Highest** → recorded the highest figure, accounted for the largest proportion, represented the largest share
- **Lowest** → recorded the lowest figure, accounted for the smallest proportion, represented the smallest share
- **Increase Trend** → showed an upward trend, witnessed a significant increase, experienced substantial growth
- **Decrease Trend** → showed a downward trend, witnessed a dramatic decline, experienced a sharp fall
- **Fluctuation Trend** → fluctuated considerably, fluctuated wildly, showed noticeable fluctuations, remained unstable, varied significantly, oscillated throughout the period
- **End Result** → ended the period at, finished the period at, concluded the period at, stood at
- **Comparison** → was considerably higher than, was significantly higher than, was approximately twice as high as, exceeded that of, surpassed, overtook, lagged behind
- **Overview** → overall, it is clear that, the most striking feature is that, generally speaking, on the whole
- **Start Value** → started at, began at, stood at initially, opened at
- **End Value** → ended at, finished at, closed at, concluded at
- **Peak** → reached a peak of, peaked at, hit a high of, topped out at
- **Bottom** → reached a low of, hit a low of, bottomed out at
- **Remain** → remained the highest, remained the lowest, continued to dominate
- **Overtake** → overtook, surpassed, exceeded, outperformed
- **Gap** → the gap widened, the gap narrowed, the difference increased, the difference decreased
- **Pie Chart** → accounted for, represented, constituted, made up, comprised
- **Table/Bar Chart Comparison** → respectively, correspondingly, in comparison, by contrast
- **Trend** → upward trend, downward trend, overall trend, general pattern

- **High** → high, higher, highest, substantial, significant
- **Low** → low, lower, lowest, minimal, negligible
- **Big Difference** → considerable, substantial, significant, marked
- **Small Difference** → slight, marginal, modest
- **Main Feature** → the most striking feature, a notable feature, a key feature
- **Respectively** → in the same order, correspondingly
- **Widened** → expanded, increased, broadened, grew larger
- **Narrowed** → decreased, reduced, shrank, became smaller
- **Continued to dominate** → remained dominant, retained its lead, continued to lead, maintained its position
- **Negligible** → minimal, insignificant, trivial, marginal
- **Marked** → significant, considerable, substantial, noticeable, pronounced
- **Experiment** → test, trial, investigation, study, research, examination, analysis, scientific test, scientific inquiry

Line Graph

- **Rise slightly** → increased slightly, edged up
- **Fall slightly** → decreased slightly, edged down
- **Rise sharply** → surged, soared
- **Fall sharply** → plunged, plummeted

Stability

- **Remained stable** → remained constant, levelled off, plateaued
- **Almost unchanged** → remained virtually unchanged, showed negligible change

Pie Chart

- **Made up** → accounted for, represented, constituted, comprised
- (Already covered, so OK)

Ranking

- **Ranked first** → came first, topped the list
- **Ranked last** → came last, occupied the lowest position

Position

- Occupied the highest position → led the chart, topped the ranking
- Occupied the lowest position → ranked last, remained at the bottom

Movement

- Recovered → rebounded, bounced back
- Recovered gradually → recovered steadily, rebounded gradually
- Graph Description
- Showed → illustrated, demonstrated, presented, displayed, revealed, depicted

Trend

- Overall increase → upward trend, general rise
- Overall decrease → downward trend, general decline

Adjectives

- Dramatic → sharp, steep, substantial
- Gradual → steady, moderate
- Noticeable → marked, significant
- Minimal → negligible, marginal

Fluctuate = ওঠানামা করা, পরিবর্তিত হওয়া

- **Vary** = পরিবর্তিত হওয়া
- **Oscillate** = নিয়মিত ওঠানামা করা
- **Waver** = অনিশ্চিতভাবে ওঠানামা করা
- **Shift** = পরিবর্তন হওয়া
- **Alternate** = এক অবস্থা থেকে অন্য অবস্থায় যাওয়া
- **Sway** = এদিক-ওদিক পরিবর্তিত হওয়া
- **Undulate** = ঢেউয়ের মতো ওঠানামা করা
- **Veer** = হঠাৎ দিক পরিবর্তন করা
- **Ebb and flow** = বৃদ্ধি ও হ্রাস পাওয়া
- **Rise and fall** = ওঠা-নামা করা
- **Fluctuation** = ওঠানামা
- **Variation** = পরিবর্তন
- **Volatility** = অস্থিরতা
- **Instability / inconsistency** = অস্থিতিশীলতা
- **Fluctuated considerably** = উল্লেখযোগ্যভাবে ওঠানামা করেছে
- **Fluctuated wildly** = ব্যাপকভাবে / অত্যন্ত বেশি ওঠানামা করেছে
- **Showed noticeable fluctuations** = লক্ষণীয় ওঠানামা প্রদর্শন করেছে
- **Remained unstable** = অস্থিতিশীল ছিল / স্থিতিশীল থাকেনি
- **Varied significantly** = উল্লেখযোগ্যভাবে পরিবর্তিত হয়েছে
- **Experienced ups and downs** = উত্থান-পতনের সম্মুখীন হয়েছে
- **Oscillated throughout the period** = পুরো সময়জুড়ে ওঠানামা করেছে

For Writing — Fluctuate, Vary, Oscillate, Rise and fall, Show fluctuations, Experience variations, Volatility, Variation

Alternatives for "Fluctuate"

- **Minor fluctuations** = সামান্য ওঠানামা
- **Slight fluctuations** = হালকা ওঠানামা
- **Moderate fluctuations** = মাঝারি ওঠানামা
- **Significant fluctuations** = উল্লেখযোগ্য ওঠানামা
- **Dramatic fluctuations** = নাটকীয় ওঠানামা
- **Sharp fluctuations** = তীব্র ওঠানামা

- **Wild fluctuations** = ব্যাপক ওঠানামা

Sustainable → টেকসই → enduring, viable

Mitigate → কমানো, প্রশমিত করা → alleviate, reduce

Facilitate → সহজ করা, সহায়তা করা → enable, assist

Enhance → উন্নত করা, বৃদ্ধি করা → improve, boost

Viable → কার্যকর, বাস্তবসম্মত → feasible, practical

Allocate → বরাদ্দ করা → assign, distribute

Regulate → নিয়ন্ত্রণ করা → govern, control

Implement → বাস্তবায়ন করা → execute, apply

Comprehensive → বিস্তৃত, সর্বাঙ্গীণ → thorough, extensive

Significant → গুরুত্বপূর্ণ, উল্লেখযোগ্য → substantial, notable

Predominant → প্রধান, প্রভাবশালী → dominant, prevailing

Ethical → নৈতিক → moral, principled

Profound → গভীর, সুদূরপ্রসারী → intense, significant

Detrimental → ক্ষতিকর → harmful, damaging

Constraint → সীমাবদ্ধতা, বাধা → restriction, limitation

Vulnerable → ঝুঁকিপূর্ণ, অরক্ষিত → susceptible, exposed

Resilient → সহনশীল, ঘুরে দাঁড়াতে সক্ষম → adaptable, tough

Controversial → বিতর্কিত → debatable, disputed

Consensus → ঐকমত্য, সর্বসম্মতি → agreement, accord

Advocate → সমর্থন করা / পক্ষে কথা বলা → promote, support

Sustainable development → টেকসই উন্নয়ন

Mitigate environmental issues → পরিবেশগত সমস্যা কমানো

Facilitate economic growth → অর্থনৈতিক প্রবৃদ্ধি সহজতর করা

Enhance productivity → উৎপাদনশীলতা বৃদ্ধি করা

Viable solution → কার্যকর ও বাস্তবসম্মত সমাধান

Allocate resources → সম্পদ বরাদ্দ করা

Regulate behaviour → আচরণ নিয়ন্ত্রণ করা

Implement policies → নীতিমালা বাস্তবায়ন করা

Comprehensive approach → সর্বাপেক্ষা / বিস্তৃত পদ্ধতি

Significant impact → উল্লেখযোগ্য প্রভাব

Predominant factor → প্রধান / সবচেয়ে প্রভাবশালী কারণ

Ethical concerns → নৈতিক উদ্বেগ

Profound effect → গভীর প্রভাব

Detrimental consequences → ক্ষতিকর পরিণতি

Financial constraints → আর্থিক সীমাবদ্ধতা

Vulnerable groups → ঝুঁকিপূর্ণ জনগোষ্ঠী

Resilient society → সহনশীল ও ঘুরে দাঁড়াতে সক্ষম সমাজ

Controversial issue → বিতর্কিত বিষয়

Reach a consensus → ঐকমত্যে পৌঁছানো

Advocate for change → পরিবর্তনের পক্ষে সমর্থন করা

Simple → Advance

- big increase → dramatic surge
- small decrease → slight decline
- changed a lot → fluctuated considerably
- stayed same → remained stable
- went up fast → rose sharply
- went down fast → plunged dramatically

Task 1 — sentence bank (chart, graph, table, pie chart)

Increase

1. There was a significant increase in... = ...-এ উল্লেখযোগ্য বৃদ্ধি দেখা গেছে।

2. X witnessed a considerable rise in...= X-এ উল্লেখযোগ্য বৃদ্ধি দেখা গেছে।
3. The figure rose steadily from X to Y.= সংখ্যাটি X থেকে Y পর্যন্ত ধীরে ধীরে বেড়েছে।
4. X experienced substantial growth throughout the period.= পুরো সময়জুড়ে X-এর উল্লেখযোগ্য বৃদ্ধি হয়েছে।
5. The percentage climbed gradually over the years.= বছরের পর বছর শতাংশটি ধীরে ধীরে বেড়েছে।
6. X recorded a sharp increase between A and B.= A ও B-এর মধ্যে X তীব্রভাবে বেড়েছে।
7. The number surged dramatically to reach... = সংখ্যাটি নাটকীয়ভাবে বেড়ে ...-এ পৌঁছেছে।

Decrease

8. There was a noticeable decline in...= ...-এ লক্ষণীয় হ্রাস দেখা গেছে।
9. X witnessed a dramatic fall in...= X-এ নাটকীয় পতন দেখা গেছে।
10. The figure dropped significantly from X to Y.= সংখ্যাটি X থেকে Y-তে উল্লেখযোগ্যভাবে কমেছে।
11. X experienced a gradual decrease over the period.= সময়কালে X ধীরে ধীরে কমেছে।
12. The percentage fell sharply in...= শতাংশটি তীব্রভাবে কমেছে।
13. The rate plummeted to its lowest point in...= হারটি ...-এ সর্বনিম্ন পর্যায়ে নেমে গেছে।

Fluctuation

14. X experienced considerable fluctuations throughout the period.= পুরো সময়জুড়ে X উল্লেখযোগ্য ওঠানামা করেছে।
15. The figure fluctuated considerably between X and Y.= সংখ্যাটি X ও Y-এর মধ্যে উল্লেখযোগ্যভাবে ওঠানামা করেছে।
16. The trend remained unstable over the years.= বছরের পর বছর প্রবণতাটি অস্থিতিশীল ছিল।
17. The percentage oscillated throughout the period.= পুরো সময়জুড়ে শতাংশটি ওঠানামা করেছে।
18. The data showed noticeable fluctuations.= তথ্যগুলো লক্ষণীয় ওঠানামা প্রদর্শন করেছে।
19. X experienced several ups and downs during the period.= সময়কালে X বেশ কয়েকবার উত্থান-পতনের সম্মুখীন হয়েছে।
20. The unemployment rate fluctuated considerably between 2000 and 2010.
21. Gold sales fluctuated wildly throughout the year.
22. The figure showed noticeable fluctuations over the period.
23. The trend remained unstable until 2015.
24. The percentage varied significantly across different age groups.
25. The company's profits experienced ups and downs during the decade.
26. The rate oscillated throughout the period before ending at 20%.

Stable

20. The figure remained relatively stable throughout the period. = পুরো সময়জুড়ে সংখ্যাটি তুলনামূলকভাবে স্থিতিশীল ছিল।
21. X showed little change over the years.= বছরের পর বছর X-এ খুব কম পরিবর্তন দেখা গেছে।
22. The percentage remained unchanged at...= শতাংশটি ...-এ অপরিবর্তিত ছিল।
23. The rate stayed constant throughout the period.= পুরো সময়জুড়ে হারটি স্থির ছিল।

24. X maintained a stable trend.= X একটি স্থিতিশীল প্রবণতা বজায় রেখেছে।

Highest & Lowest

25. X recorded the highest figure throughout the period.= পুরো সময়জুড়ে X সর্বোচ্চ ছিল।

26. X accounted for the largest proportion.= X সবচেয়ে বড় অংশের প্রতিনিধিত্ব করেছে।

27. X had the lowest percentage among all categories.= সব বিভাগের মধ্যে X-এর শতাংশ সবচেয়ে কম ছিল।

28. X reached its peak at...= X ...-এ সর্বোচ্চ পর্যায়ে পৌঁছেছে।

29. X hit a low of...= X ...-এ সর্বনিম্ন পর্যায়ে নেমেছে।

30. X remained the dominant category throughout the period.= পুরো সময়জুড়ে X প্রধান বিভাগ ছিল।

Comparison

31. X was considerably higher than Y.= X, Y-এর তুলনায় অনেক বেশি ছিল।

32. In contrast, Y experienced a decline.= বিপরীতে, Y হ্রাস পেয়েছে।

33. Similarly, both X and Y showed an upward trend.= একইভাবে, X এবং Y উভয়ই উর্ধ্বমুখী প্রবণতা দেখিয়েছে।

34. By comparison, X was almost twice as high as Y.= তুলনামূলকভাবে X, Y-এর প্রায় দ্বিগুণ ছিল।

35. The gap between X and Y widened over time.= সময়ের সাথে X ও Y-এর পার্থক্য বেড়েছে।

36. Conversely, Y followed the opposite trend.= বিপরীতভাবে, Y উল্টো প্রবণতা অনুসরণ করেছে।

Overview Sentences

37. Overall, the trend was upward throughout the period.

38. Overall, the trend was downward despite minor fluctuations.

39. Overall, X remained the largest category, while Y accounted for the smallest share.

40. Overall, most categories experienced growth, whereas only a few showed a decline.

41. Overall, there was a clear shift from X to Y.

42. Overall, the figures fluctuated before ending the period at higher levels.

43. Overall, X increased steadily, while Y declined gradually.

44. Overall, the most notable feature is the substantial growth in X.

45. Overall, the data indicate contrasting trends among the categories.

46. Overall, despite some fluctuations, the figures showed an upward trend.

47. Overall, X remained the largest category throughout the period, while Y accounted for the smallest proportion.

48. Overall, there was a clear upward trend despite minor fluctuations.

49. Overall, the figures fluctuated considerably before ending the period at a higher level.

50. Overall, it is clear that...

51. In general, it can be seen that...

52. Broadly speaking,...

When a graph or chart shows from 2000 to 2010

- over the ten-year period
- throughout the decade
- across the period shown
- over the course of the decade
- during the given period
- throughout the timeframe
- between the years 2000 and 2010
- over the span of ten years
- in the period from 2000 to 2010
- during the first/last decade of the century

When a graph or chart shows distinct years—such as 2000, 2005, and 2010—then..

- in 2000, 2005 and 2010
- at five-year intervals
- across the selected years
- during the years shown
- over the years presented
- at the given points in time
- throughout the specified years
- in the selected time periods
- across the three reported years
- between the recorded years
- The percentage increased steadily across the selected years.
- Car ownership rose significantly at five-year intervals.
- The figures for unemployment changed noticeably throughout the specified years.
- The chart compares the unemployment rates in 2000, 2005 and 2010.
- The chart illustrates changes in unemployment rates across the selected years of 2000, 2005 and 2010.

Writing Task 1 Body Paragraph 1

Body Paragraph 1 Formula : Highest + Second Highest + Main Trend + Key Comparison

Sentence Structure

1.X recorded the highest figure at Y, followed by Z at A.

Ex : The UK recorded the highest CO₂ emissions at approximately 11 tonnes, followed by Sweden at around 9 tonnes.

2. X stood at Y, whereas Z was considerably lower at A.

Ex : Car ownership stood at 38%, whereas bus usage was considerably lower at 18%.

3. X increased from Y to Z over the period.

Ex : The percentage increased from 20% to 45% over the period.

4. In contrast, X declined from Y to Z.

Ex : In contrast, Sweden's emissions declined from 10 tonnes to 5 tonnes.

5. X was approximately twice as high as Y.

Ex : The figure for Europe was approximately twice as high as that for Asia.

6. A noticeable difference can be seen between X and Y.

Ex : A noticeable difference can be seen between male and female participation rates.

7. By the end of the period, X had overtaken Y.

Ex : By 2007, Italy had overtaken Sweden in terms of carbon emissions.

Real Paragraph Example

Body Paragraph 1

In 1967, the United Kingdom recorded the highest level of carbon emissions at just over 10 metric tonnes per person, followed by Sweden at approximately 9 tonnes. While the UK's figure declined gradually throughout the period, Sweden's emissions rose slightly before falling sharply after 1977.

Task 1 Body Paragraph 1 Phrase:

Highest / Lowest

1. recorded the highest figure
2. accounted for the largest proportion
3. represented the largest share
4. reached a peak of
5. hit a high of
6. had the lowest figure
7. accounted for the smallest proportion
8. hit a low of

Comparison

9. followed by
10. was considerably higher than

- 11. was significantly higher than
- 12. was slightly higher than
- 13. was marginally higher than
- 14. was approximately twice as high as
- 15. was nearly three times higher than
- 16. exceeded that of
- 17. surpassed
- 18. overtook
- 19. lagged behind

Increase

- 20. increased from ... to ...
- 21. rose from ... to ...
- 22. grew steadily
- 23. climbed gradually
- 24. witnessed a significant increase
- 25. experienced substantial growth
- 26. showed an upward trend
- 27. surged dramatically
- 28. soared to

Decrease

- 29. declined from ... to ...
- 30. fell from ... to ...
- 31. dropped significantly
- 32. decreased steadily
- 33. witnessed a dramatic decline
- 34. experienced a sharp fall
- 35. showed a downward trend
- 36. plummeted to
- 37. fell sharply

Fluctuation

- 38. fluctuated considerably
- 39. fluctuated wildly
- 40. showed noticeable fluctuations
- 41. remained unstable
- 42. varied significantly
- 43. experienced ups and downs
- 44. oscillated throughout the period

Stable

- 45. remained relatively stable

- 46. remained unchanged
- 47. stayed constant
- 48. showed little change
- 49. maintained a stable trend
- 50. levelled off at

Linking Words

- 51. while
- 52. whereas
- 53. in contrast
- 54. by comparison
- 55. meanwhile
- 56. similarly
- 57. compared to
- 58. compared with

End of Period

- 59. by the end of the period
- 60. at the end of the timeframe
- 61. finished the period at
- 62. ended the period at
- 63. concluded the period at

Very very important

- recorded the highest figure
- accounted for the largest proportion
- followed by
- stood at
- increased from ... to ...
- rose steadily
- climbed gradually
- declined from ... to ...
- dropped significantly
- fell sharply
- fluctuated considerably
- experienced ups and downs
- remained relatively stable
- remained unchanged
- levelled off at
- was considerably higher than
- was approximately twice as high as
- whereas
- in contrast
- by the end of the period

- experienced a marked increase
- underwent a gradual decline
- remained relatively stable
- exhibited considerable fluctuations
- reached a peak before declining
- showed an overall upward/downward trajectory

Body Paragraph 2 Formula : Lowest + Changes + End Result + Comparison

- Step 1 : Lowest Category
- Step 2 : Increase / Decrease / Fluctuation
- Step 3 : Final Value
- Step 4 : Comparison

Starting Sentences

- Option 1 : Meanwhile, ...
- Option 2 : Turning to the remaining categories, ...
- Option 3 : With regard to X, ...
- Option 4 : As for X, ...
- Option 5 : In contrast, ...

Ending Sentences

- Option 1 : By the end of the period, X remained the lowest category.
- Option 2 : Despite the increase, X still accounted for a smaller proportion than Y.
- Option 3 : Consequently, X became the second-largest category.
- Option 4 : As a result, the gap between X and Y narrowed considerably.
- Option 5 : Overall, X finished the period at a significantly higher level.

Body Paragraph 2 Phrases

Lowest

- recorded the lowest figure
- accounted for the smallest proportion
- represented the smallest share
- remained the least common category

Changes

- increased steadily
- rose gradually

- grew significantly
- declined gradually
- fell sharply
- fluctuated considerably
- experienced ups and downs

End Result

- ended the period at
- finished the period at
- concluded the period at
- reached
- stood at

Comparison

- remained lower than
- remained higher than
- overtook
- surpassed
- exceeded that of
- lagged behind
- was considerably lower than

Body Paragraph 2 sentence structure

1. At the beginning of the period, X had the lowest figure at Y. It then increased/decreased to Z by the end of the period, remaining lower/higher than A.

Ex: At the beginning of the period, Portugal had the lowest carbon emissions at around 1 tonne per person. The figure then increased steadily to approximately 5 tonnes by 2007, although it remained lower than that of Italy.

2. X, which initially recorded the lowest value, experienced a gradual increase/decrease before ending the period at Y.

Ex : Portugal, which initially recorded the lowest value, experienced a gradual increase before ending the period at approximately 5 tonnes.

3. Meanwhile, X rose/fell from Y to Z, whereas A followed the opposite trend.

Ex : Meanwhile, Italy rose from around 4 tonnes to nearly 8 tonnes, whereas Sweden followed the opposite trend.

4. Although X started at a relatively low level, it witnessed substantial growth throughout the period.

Ex : Although Portugal started at a relatively low level, it witnessed substantial growth throughout the period.

Sample Body Paragraph 2

Turning to the remaining countries, Portugal recorded the lowest carbon emissions at approximately 1 tonne per person in 1967. The figure then increased steadily throughout the period, reaching around 5 tonnes by 2007. In contrast, Sweden experienced a marked decline after peaking in 1977. By the end of the period, Portugal had almost caught up with Sweden, and the gap between the two countries had narrowed considerably.

Sentence Structures

1. Because

Structure: Subject + Verb + because + Reason

Ex :The government should invest more in education because it plays a crucial role in national development.

2. Although

Structure: Although + Clause, Main Clause

Ex :Although technology has improved communication, it has also reduced face-to-face interaction.

3. While

Structure: While + Clause, Main Clause

Ex :While some people prefer private cars, others rely on public transportation.

4. Whereas

Structure: Clause + whereas + Clause

Ex :Urban areas offer better job opportunities, whereas rural regions provide a quieter lifestyle.

5. Not only...but also

Structure: Not only + A + but also + B

Ex :Technology not only improves productivity but also facilitates communication.

6. Which

Structure: Clause, which + Extra Information

Ex :The government introduced a new policy, which significantly reduced pollution.

7. Who

Structure: Noun + who + Verb

Ex :Students who study abroad often gain valuable international experience.

8. That

Structure: Noun + that + Clause

Ex :Many people believe that education is the key to success.

9. Since

Structure: Since + Reason, Result

Ex :Since traffic congestion is increasing, authorities should improve public transport.

10. As

Structure: As + Reason, Result

Ex :As environmental problems are becoming more severe, governments must take immediate action.

11. Due to

Structure: Due to + Noun

Ex :Due to rapid urbanisation, housing demand has increased dramatically.

12. Owing to

Structure: Owing to + Noun

Ex :Owing to technological advancements, many tasks can now be completed remotely.

13. As a result

Structure: Cause. As a result, Effect.

Ex :Many people lead sedentary lifestyles. As a result, obesity rates have risen.

14. Consequently

Structure: Cause. Consequently, Effect.

Ex :Governments have failed to regulate emissions. Consequently, air quality has deteriorated.

15. Provided that

Structure: Main Clause + provided that + Condition

Ex :Economic growth can be achieved provided that appropriate policies are implemented.

16. Unless

Structure: Result + unless + Condition

Ex :Environmental issues will worsen unless immediate measures are taken.

17. In order to

Structure: In order to + Verb

Ex :Governments should invest in renewable energy in order to reduce carbon emissions.

18. By + Verb-ing

Structure: By + V-ing

Ex :By investing in education, governments can improve employment opportunities.

19. Despite

Structure: Despite + Noun

Ex :Despite financial constraints, many students pursue higher education.

20. In spite of

Structure: In spite of + Noun

Ex : In spite of its benefits, social media can have detrimental effects on mental health.

Top Structures

1. Although...
2. While...
3. Whereas...
4. Because...
5. Not only...but also...
6. Which...
7. Due to...
8. Consequently...
9. By + V-ing...
10. Despite...

Words 35+

Although technology has revolutionised communication **and** enhanced productivity in various sectors, excessive dependence on digital devices can negatively affect interpersonal relationships, **which** may ultimately lead to social isolation.
